Salary range: salary will be commensurate with experience

Responsibilities and Duties:

The Procurement Specialist is part of a proactive problem-solving team that interfaces with engineering teams (both internal to Genesis and direct to NASA GSFC in Greenbelt, MD) and vendors to obtain necessary project materials for building spaceflight hardware.

Responsibilities include building customer-connections, learning to read engineering drawings for custom manufacturing, understanding material traceability requirements for spaceflight materials, managing project material budgets, and tracking purchases to ensure arrival dates enable the project to meet schedule. Team Members will also receive training in Deltek Costpoint and in the oversight of project logistics.

Requirements:

- College Degree required
- Creative problem-solving abilities
- High attention to detail
- Excellent communication and interpersonal skills
- Large multi-tasking capacity
- Proactive administrative strengths
- Attentiveness to detailed instructions and big-picture priorities
- Working knowledge of Excel preferred

Previous experience in the field of Procurement is not necessary, but 1-2 years of experience is preferred.

Performs related duties as needed by supervisor.

COVID-19 considerations:

We are working in the facility during the current pandemic. Employees' safety and health concerns are totally respected.

Vaccination requirement:

The Safer Federal Workforce Task Force's Sept. 24 addressed President Joe Biden's Executive Order 14042, which requires federal employees and contractors to be vaccinated against the coronavirus. Federal employees will need to be fully vaccinated against COVID-19 by Nov. 22 and contractors by Dec. 8.

Federal employees hired after Nov. 22, 2021, will need to be fully vaccinated prior to their start date.
